

WHAT KIND OF LIFESTYLE DO YOU WANT?

YOUR PYTHON POTENTIAL WORKSHEET

**CIRCLE BELOW WHAT TYPE
OF PYTHON DEVELOPER
LIFESTYLE WOULD BE THE
BEST FOR YOU...**

A. FREELANCER

- No degree, no experience... No problem. Don't like waking up in the morning.. don't! You have the power to hire and fire your clients. Set your own hourly rates. Choose your own projects. Work with whoever you want & from anywhere. Never worry about sending out another resume... again. No limit to how much you can earn.

B. FULL-TIME DEVELOPER

- Do you want to work with companies like Instagram or Spotify? Maybe you want to work with a team of likeminded people and you prefer job security.

C. SIDE HUSTLER

- Imagine what you could do with just \$1K/month extra on the side... Annoying Netflix & Hulu Subscriptions? Done. Phone bills & fancy dates? No problem.

SELECT ALL THAT APPLY

PICK YOUR FAVORITE PYTHON PROJECTS

GO CRAZY :)

Work on Social Media Apps

Working on the next Instagram, Facebook, or Snapchat?

Work on Creating Games

Are you more into creating arcade games like Street Fighter or maybe you want to create the next Call of Duty Modern Warfare?

Productivity Apps

Would you like to build apps like Wunderlist or MyFitnessPal?

Security

Security is super important especially nowadays with crazy attacks happening like WannaCry... Security specialists are highly paid... Maybe this is for you?

Python for Automated Trading

Quants at Wallstreet who come up with new trading algorithms are paid up to \$500,000/year... Maybe your inner data scientist wants to do this?

Python for Science + Machine Learning

This is what's used to build google self driving cars & even the world's best mario playing bot that learns by itself. Python is a powerhouse when it comes to this. This is where python meets science... Is this you?

Facebook Ads With Python

The biggest companies in the world are using python API to automate a lot of their online marketing & make them a heck of a lot sales... This is where your inner marketer meets python. Is this you?
